Content Assignment Group Updates

Overview

Content Assignment + Review (20 min)

HTML Basics 2 Assignment (15 min)

Images Continued (10 min)

Break (10 min)

Mobile First (40 min)

Sketching & Assignment (15 min)

Hands-On Sketching (45 min)

Quiz Question!

Get out a piece of paper and write your name.

How Can We Use the Constraints of Mobile Devices to Improve Our Designs? (One Example)

HTML Basics 2 Review

Image Optimization

Optimizing Images

Use Vectors for all Graphical Elements
Resize the Image Dimensions
Degrade the Quality (Save for Web)
Use Different Responsive Images (Later)
Caching/CDN (Later)

Optimizing Images

Mobile First

How Can Focusing On the Constraints or Capabilities of Mobile Devices Help Improve Our Websites?

What new capabilities does mobile provide that could enhance our user's experience?
